

High Quality Printed Latex Balloons

Printed Latex Balloons

In LuckyBalloons, we can print from 1 up to 8 colors on 4 sides of the balloons.

From the simple 1 color, 2 colors printing to the multi-color, globe printing, photo printing, LuckyBalloons committed to offer our customer the best printing quality.

Our Advantages

• 1: **Experienced Skilled Worker**

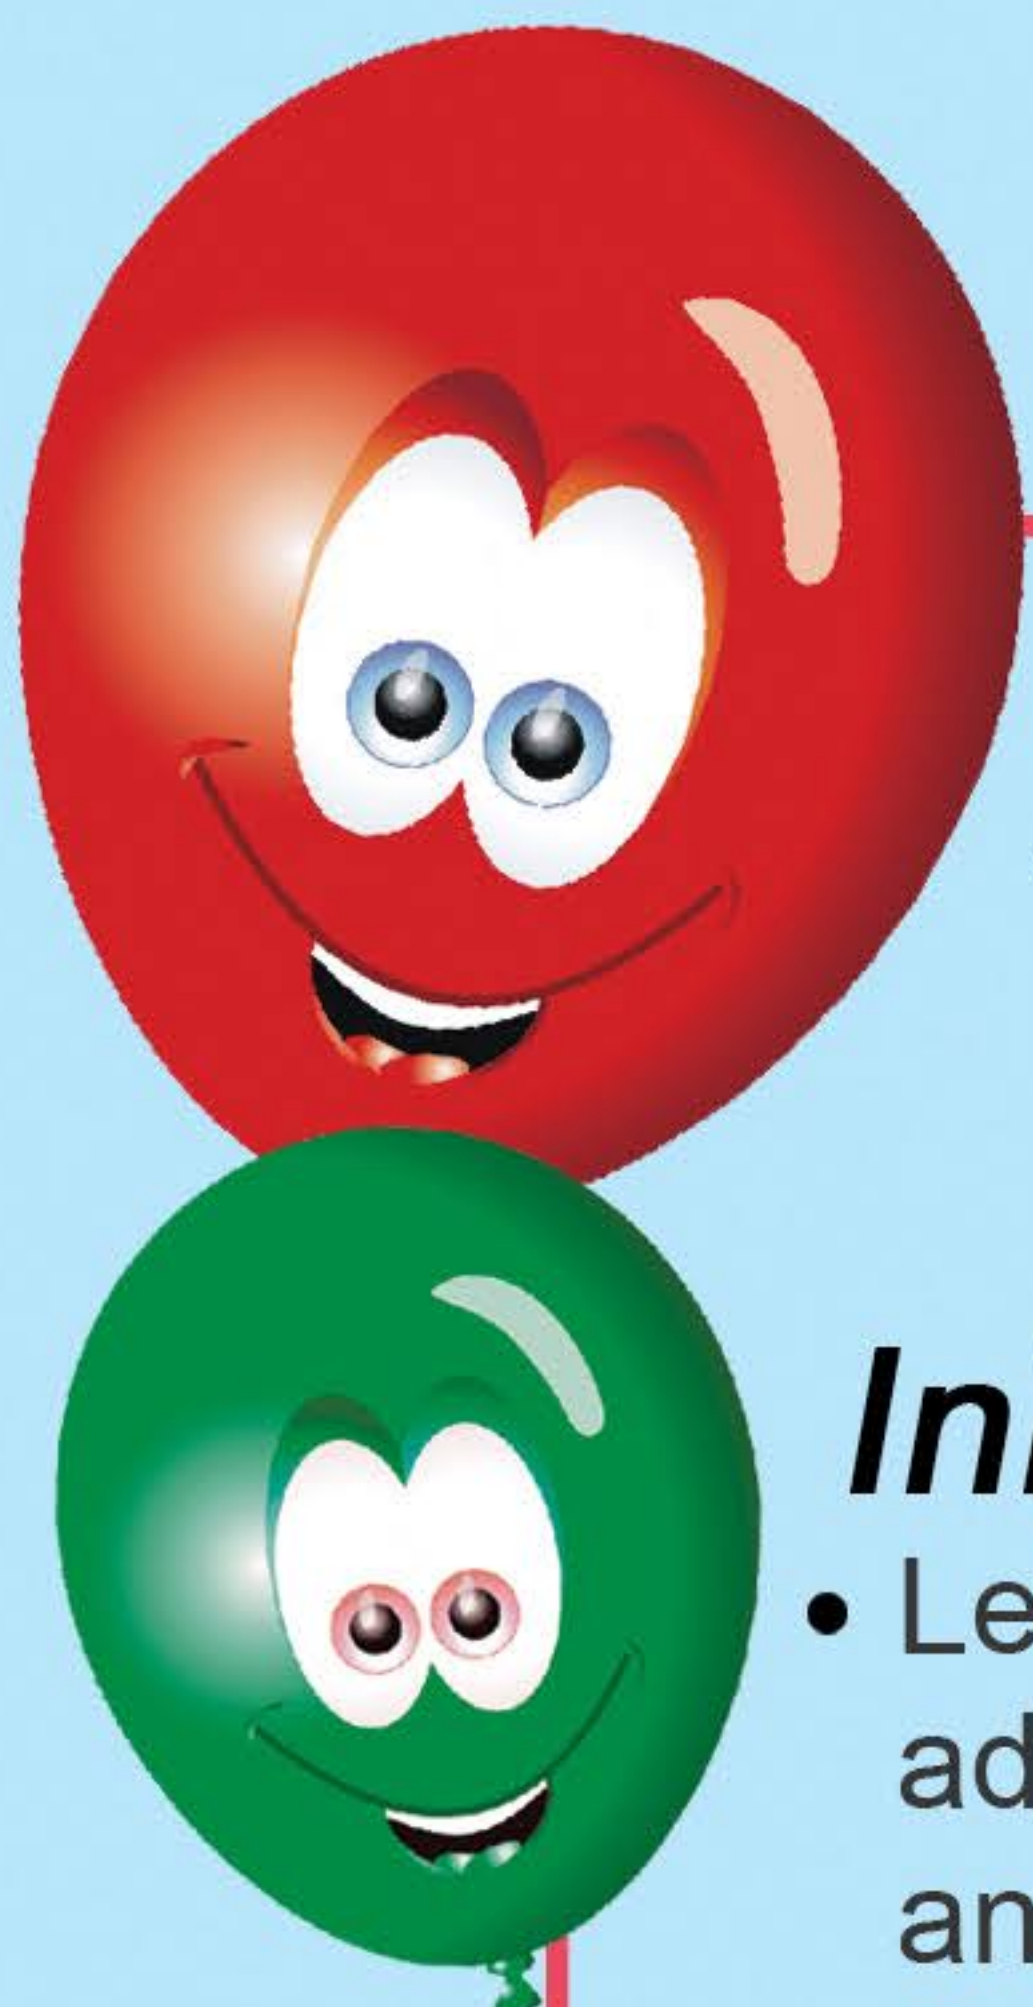

Our silkscreen print worker's average age on the balloon printing is 9 years, they know how to control the position and ink for secure the printing quality.

• 2: **Deep understanding of the China's Balloon Printing Industry**

We set up our balloon printing facility in 2001 in Hebei province, from the Hand-made printing machine to the Automatic, not only we improved the printing technology, but also we make our printing job faster and more effective.

• 3: **Competitive price without compromising the quality**

Take the advantage of lower labor cost and the material in China, we promise our customer the best price without compromising the printing quality.

Quick Tips For Balloon Printing

Artwork requirement

- Acceptable graphics be sent in Adobe Illustrator, Photoshop, CorelDRAW formats, EPS or JPG files at resolutions of 300DPI or higher. Please convert fonts to outlines or curves.

Ink colors

- Let luckyballoons choose ink color for you. Our Customer Service consultants will advise you the most effective ink color for your balloons, giving optimal contrast and the best printing. And, if you have a specific requirement, we can approximate the PMS colors.

Ink color matching is approximate only. Ink colors tend to become progressively lighter when the balloon inflated. The color of the balloon will also affect the ink color.

Balloon size

- From 9 inches upto 36 inches

Custom imprint order, OEM order are welcomed, for more details, Please contact our sales representative or Email us to: sales@luckyballoons.com or Login on: www.luckyballoons.com
